

Submitter: Carrie Bushman

On Behalf Of:

Committee: House Committee On Economic Development, Small
Business, and Trade

Measure, Appointment or Topic: HB2527

This funding crucial for the Fairgrounds. I am a former Union County Fair Board member and know the struggle they have been dealing with the past several years with no restrooms. As someone who grew up showing animals at my local Fair, I know the importance of this in the youth of today. It instills such great values and responsibility in the younger years and stays with you throughout your life. I am the Library Director at the public library in La Grande and we collaborate with the Union County Fair every year. Please make this funding finally happen so the Fair can be successful for generations of youth.
