Business, and Trade

Measure, Appointment or Topic: HB2527

Hello Committee Members,

The Union County Fairgrounds need to have proper water and sewage services. This is not only for the purpose of holding the annual fair, it is needed also if there were to be a local emergency where people needed to be sheltered for a period of time.

Without good water and sewage services this is nearly impossible in an emergency situation. I might add for sanitation purposes during the fair convenience to the public would be greatly enhanced. Thank you for your time and please pass this bill on for approval.

William Howell
