Resources, and Water
Measure, Appointment or Topic: HB3501

To: House Committee on Agriculture and Natural Resources

From: Craig Lacy

On behalf of The Vocal Seniority a group of over 400 folks in Bend Oregon I am writing this testimony

Our water is precious, and it belongs to the people of the State of Oregon. When water transfers are under consideration, it is essential that no further harm is done to water quality and natural resources such as fish and wildlife. Please insure that OWRD has the ability and the resources to examine water transfers and insure that public values are preserved. We urge you to vote not on HB 3501
