

Submitter: Kelsey Yates
On Behalf Of: Alliance Charter Academy
Committee: House Committee On Education
Measure, Appointment or Topic: HB3444

My family has utilized Alliance Charter Academy since 2015. The support and flexibility has been perfect for my family. We can use onsite classes for music and art or for the core subjects of math and writing. I can tailor the schedule to the needs of each child. The support has been there for us through one daughter's eating disorder diagnosis, hospitalization, and on-going recovery. A particular Education Specialist encouraged me through the process of trying three different math curriculums before finding one that worked for another child of mine. Alliance Charter Academy has been a great fit for my family. I ask that you support Bill HB 3444 to better fund our charter schools. Thank you.
