

Submitter: JL Wilson

On Behalf Of:

Committee: House Committee On Economic Development, Small  
Business, and Trade

Measure, Appointment or Topic: HB2527

Chair Nguyen & Members of the Committee -

The Oregon Fairs Association strongly supports HB 2527.

As we made clear in our testimony on HB 2304 last week (the "Fairgrounds Revitalization Act"), this issue is a top priority for OFA. We welcome its inclusion as an amendment into our bill (HB 2304), and we certainly support it as a stand-alone bill. We need to take care of Union County's water and sewer infrastructure. It's a project that cannot wait any longer in order for that fairgrounds to serve its people and be the full-service asset the community needs it to be.

Thank you for your favorable consideration of HB 2527.

J.L. Wilson  
Legislative Counsel  
Oregon Fairs Association
