

Submitter: Fergus Mclean

On Behalf Of:

Committee: House Committee On Rules

Measure, Appointment or Topic: HJR3

HJR is an unnecessary and deceptive proposition which would obstruct the power of the electorate to directly bring legislation to life. It gives an undemocratic veto on measures to the smallest counties in the state, violating the rights of citizens as a whole. And it pretends to limit contributions in support of initiatives fraudulently, when such a measure is sure to be struck down under existing law.

Please defeat this undemocratic and odious measure.
