Committee: House Committee On Labor and Workplace Standards  
Measure, Appointment or Topic: HB2548

Dear Committee,

i have always been in favor of protecting workers' rights but I must say that HB 2548 goes a bit too far. It seems that rather than call it Labor Standard Board, it should be called the Lawyers Benefit package. Conditions on farms are so volatile that it is simply not possible to justify every work layoff ahead of time and to compensate workers when they are laid off. Of course we would keep workers employed continuously if it were possible but the situation, especially with erratic weather from global warming, requires constant pivoting from work to no work. And, believe me, this is not our choice of how to run our businesses.

Please, please listen to the farmers!

Sincerely,

John Paul/Cameron Winery
