Measure, Appointment or Topic: HB2548

Please vote against this bill.

The state has no place micromanaging agriculture and the employment relations between farmers and employees.

We have plenty of laws in place to assure fair pay and appropriate working conditions for farmworkers.

Adding more regulations on our already overburdened farmers will drive some out of the industry and discourage others from entering, as well as increasing our already high food prices.

Please vote no.

Thank You,
