Committee: House Committee On Labor and Workplace Standards
Measure, Appointment or Topic: HB2548

Dear Chair Grayber, Vice-Chairs Elmer and Muñoz, and Members of the Committee,

My name is Miguel Cervera, I live in Eugene, Oregon and I am writing in strong support of HB 2548 to create a Farmworker Standards Board in Oregon.

There are over 72,000 Oregon farmworkers, who put food on our tables and contribute over \$6.4B to our state's economy, yet they experience poor working conditions and earn an average of just \$34,500 annually. Most farmworkers are immigrants from Mexico, Guatemala, and Central America, many of whom speak an Indigenous language.

HB 2548 will give historically excluded workers their first voice in setting industry standards with real enforcement power and accountability. The board will ensure access to fair wages, safe conditions, and protection from retaliation

Cities and states across the country have proven that workforce standards boards work. These boards bring workers together with industry and public representatives to set meaningful standards, with real enforcement power to ensure accountability. From New York's farm laborers to Minnesota's nursing home staff to Seattle's domestic workers, these boards give workers the voice and protections they deserve and give our communities the essential food we need.

While farm owners are surely opposing this bill, that was expected, but we need to do good by our farmworkers and give them the voice they deserve to be treated with dignity. The opposition of this bill should be analyzed as of the source, this bill is for the farmworkers and they support it, so we must support it since they are the ones delivering the food to our tables.

I urge you to vote YES on HB 2548 to create a Farmworker Standards Board and give farmworkers the ability to set standards for the industry.

Sincerely,
Miguel Cervera Castaldi
