

Submitter: Adaleni Lopez  
On Behalf Of:  
Committee: House Committee On Labor and Workplace Standards  
Measure, Appointment or Topic: HB2548

As a daughter of a farm worker I support this bill. There is a need for transparency and collaboration between workers and owners. I have seen first hand the need for better working wages/safety and benefits. My dad has been and continues to work from sun up to sun down even now in his 60s. Ag workers are hard workers, they need a voice and having this representation is crucial for everyone's voice to be heard. Our country is made up of these workers who deserve better. An owner may say thank you to their workers but they need show it. Don't owners want what is best for their workers!? The workers make an impact to help their business, the least they can do is be open to a platform of state wide collaboration between parties. Workers need to representation at a higher level. Collaboration is key. Owners cannot continue not make decisions without the input of the people that experience first hand the work. I support this bill because we need to do better!
