Measure, Appointment or Topic: HB2548

Forcing agricultural business to unionize will be bad for our economy and the ability of farmers to create and foster good employees. I work in the construction industry and for a union company. Unions are not bringing what is needed to our workforce and are driving costs of wages higher every year. We are not seeing the skilled workforce that we should be seeing. Do not vote for this bill. We will not see improvements by forcing this into law.
