

Submitter: Chase McCune

On Behalf Of:

Committee: House Committee On Education

Measure, Appointment or Topic: HB3444

I have had such an amazing set of years at our local Arthur Academy. We came from a private school, and now my oldest is back in public for junior high and high school. I absolutely couldn't imagine a school that is teaching getting LESS funding than any other public school. This should be 100% funded!!!

Please, provide our tax dollars where they are supposed to go, with OUR children.
