Committee: House Committee On Economic Development, Small
Business, and Trade

Measure, Appointment or Topic: HB2527

I would like to urge the committee to support HB2527 and help improve the infrastructure at the Union County Fairgrounds. In the past decade the fairgrounds have seen an increasing number of events that help drive the economic engine of the area. Improving the water and sewer system would make it easier to market the facility and improve the overall experience for attendees at all events. This investment would pay long term dividends for the region. For all of these reasons I would encourage you to support the bill.
