Measure, Appointment or Topic: HB2548

Here we are once again, small family farms trying to defend ourselves against the malicious, all out assault on our survival. It is interesting how the same union money, taxpayer funded lawyers and political party continue to team up in their symbiotic relationship to implement their malfeasance. Votes and money for rules and laws. Has Oregon become so politically corrupt that Oregon's small multigenerational farms with less than 10 year-round employees are to be managed by the edicts of labor union bosses? The absence of "at will employment" and "unelected oversight authority" are just two reasons of many to OPPOSE HB 2548. Stop putting farmers out of business! Vote NO on HB 2548.
