On Behalf Of:

Committee: House Committee On Behavioral Health and Health
Care

Measure, Appointment or
Topic: HB2029

I am a therapist in Portland Oregon and have been practicing for 30 years.

I am writing this letter in support of HB2029.

Insurance audits are abusive and unfair and limit access to care to the people of Oregon. Please help stop this practice.

Our profession should not have to live in fear of clawbacks when we have delivered services.

Thank you for supporting this bill.

Sincerely,

Kate McNulty LCSW OR # 1201
