Measure, Appointment or Topic: HB2548

This bill tells a Farmer who agrees to terms with a ranch hand that the GOVERNMENT must have a say in his practice of providing food for his community, and makes him have to raise prices for them.

This is NOT how farming was done for hundreds of years. This is unconstitutional. Before going after farmers, go after catalytic converter buyers and unionize THEM! This is an area that needs attention.

Let the farmers feed the citizens.As they ALWAYS HAVE! KEEP YOUR OVERREACHING government nose out of things that your nose does not belong in!
