Committee: House Committee On Labor and Workplace Standards
Measure, Appointment or Topic: HB2548

I am opposed to HB2548 for the following reasons:

1. This bill forces a 'one size fits all' labor mandates on all of Oregon farmers and ranchers. It creates more rules and laws which will in turn create fewer jobs and drive food prices higher.

2. By eliminating 'at-will' employment, this bill will make it nearly impossible for farmers and ranchers to manage their workforce.

3. Unionizing the entire industry without giving farmers and ranchers any say in the matter is tyrannical. Unionizing will also drive smaller farms and ranches out of business, which is always the end game of big government.

This is just another attempt to stifle freedom in our state. It is another grab for more power and control.

Don't let HB2548 reach the light of day on the House floor.
