Standards

Measure, Appointment or
Topic: HB2548

As a business who relies on Oregon agriculture to supply the raw materials for our operation we feel that this bill would be catastrophic to Oregon farms. It seems that bills like this and previous law changes such as the agricultural overtime law, Oregon is trying to ruin farming in our state. Bureaucrats seem to want to run all businesses out of our state and agriculture is one of our states biggest resources. Myself and my business strongly oppose this bill. Thank you.
