Measure, Appointment or Topic: SB681

I support the Pause Act - SB 681.

I just want to have clean air to breathe. I want my two young children to be able to swim outside in the Summer without breathing in smoke from fires. I don't want any new private investments in fossil fuels. I'm a PERS member and I care how the Oregon PERS funds are invested. I also work as a mental health counselor and I understand the horrendous impact of climate change on mental health. I just want to do my part advocating for what's fair and what makes sense for our community's future. Thank you.
