Measure, Appointment or Topic: HB2548

Please oppose House Bill 2548, this over reaching legislation is very negative to farm employers. As a long time Agriculture employer I am incensed that the Oregon Legislature is singling out one industry (my industry) for further oversight that would make farming the only private sector business in the state that would not be an at-will employer. Oregon has strong regulatory laws covering wages, hours, and safety, what could this bill possibly address.

I urge you to vote no on HB 2548!
