I currently live at the Baker Oxford house in Eugene Oregon.

I am opposed to the Bill HB 2239  
The certification process and standards of Oxford House  
Incorporated should be held on equal footing as the NARR certification.

I believe there should be more Recovery housing opportunities in the state of Oregon.  
Oxford House help recovering addicts  
and criminals become better people to society. The structure and the day by day living and  
goals. Oxford is not just a house for  
people to crash at but a place were adults blossom into more weather its a PSS, CRM,  
Counselor, or learning to become a better  
Mother/ Father. Oxford is a place were individuals that had nobody found a large family and  
a support system with out any judgement.
