

To whom it may concern:

I am opposed to bill HB 2239

the certification process for OHI should be on equal footing with that of NARR

My name is Jeff Pruden. ramssuperfan7267@gmail.com

I am a current member of Nebo Oxford House in Roseburg Oregon and Oxford House has provided an environment of stability, structure and accountability. I Believe that the oxford house model is THE ONLY reason I am still sober and have found success. I have tried many times before,

in other recovery facilities and other sober houses

Because of oxford house and how it is self supporting and self governing, i have maintained my sobriety for 42 months, I am employed and in management role even where I work. I have learned to not only be a productive member of society, but learned to thrive.
