Bend OR

I am the Comp-troller at the Valinor Oxford House in Bend Oregon. Living here since August 1st 2024.

I am opposed to Bill HB 2239

The Certification process and standards of Oxford House Incorporated should be held on equal footing as the NARR Certification.

Oxford House Incorporated as a whole has shown me a new way to live. The Love and support that my Oxford House gives me I would never be able to find anywhere else in my early sobriety. I'm also apart of HSC I'm the Treasurer. Being apart of Oxford House on that level has shown me that I can be confident while being uncomfortable and I can be trusted with money. It means the world to me.
