I am currently living in the Parkrose Oxford house
in NE Portland, Oregon

I am opposed to bill HB 2239

I am 100% percent sure that without the support of Oxford i would most likely be
living in my vehicle, drinking every night, and wasting this precious life of mine. The
support i get from the brothers in recovery in this house is vital to my continued
sobriety. Meetings are great, family support is awesome, but without a network like
oxford and their continued support i would not have a job, i would not be good son or
good friend. I need oxford now and in the future, and i know i am not alone.
