Measure, Appointment or Topic: HB3075

We all know where this bill is going to end up in front of SCOTUS, And we all know what is going to happen reading through the Second Amendment:

The Second Amendment of the Bill of Rights

“A well-regulated militia is necessary for a free state's security; the people's right to keep and bear arms shall not be infringed.”

I must have missed the subclause that mentions permits in the Second Amendment—or maybe they aren't there. Oregon state legislators can only address issues at a state level, and their power is not great enough to Amend the Constitution. Pass it or not statewide, it is the equivalent of unimportant background noise.

I oppose HB3075 because it is dead already, and I am just waiting for the dirt to be shoveled on it by the black robes.
