Oregon has viciously attacked Oregon farmers for decades viewing the state through Urban Lens and BMW social perspectives applied to the entire state!

What the Urban Ethnocentrist forgets is buying local and supporting small business includes rural farmers that provide to the cheeky trendy brick and mortar restaurants and even food trucks that all depend on local rural Oregon farms thriving and not just surviving. Thriving.

It's long overdue that we do what's best for rural Oregon farms and today that includes opposition to this Bill 2548.
