I greatly encourage you to vote NO on this bill! Each and everyone of us living in Oregon depend on our farmers, especially the small local farms we frequent weekly for our milk, eggs, produce, cheese etc. Oregon farmers do not need more bureaucratic government control, regulations, and red tape to conduct business in this state. Data has just been released in regards to Oregon citizenship dropping since 2022. This will only continue with the passage of this bill as farmers close their business and let their employees go. Oregon has one of the highest minimum wages, highest taxes, highest regulatory requirements already and enough is enough. I urge everyone to vote NO, without hesitation on this bill. Thank you!
