Standards

Measure, Appointment or
Topic: HB2548

Oregon has already oppressed the farmers to the point where many have gone out of business. Putting farmers into a situation where they have to go against federal immigration laws or Oregon laws regarding illegal aliens, is reprehensible. What you SHOULD be focusing on is deregulating farming and protecting farmers, but you are intentionally using any means necessary to attack Oregon's ability to produce it's own food, bring money into the state, and have a healthy economy.
