On behave of children in Oregon and the rest of victims of pedophiles & rapists in Oregon this will effect them all greatly. More likely the state of Oregon and every single person who approves this passing will be SUED and will be assumed to be pedophiles themselves.

Pedophiles should not have it easier to exist in this world. This will effect our State deeply. We already have the most pedophiles & rapists per county in the U.S.A. Oregon is #1 . This is a disgusting bill and should not be passed. This will harm those who have been molested before. It will make it easier for them to molest others. We need to start doing the death penalty on these monsters instead.
