

Submitter: Dena Turner
On Behalf Of: Myself and climate mitigation
Committee: Senate Committee On Finance and Revenue
Measure, Appointment or Topic: SB681

I support the Pause Act, SB 681. I'm an Oregon PERS member and I care about climate and the future of life on planet earth. I also care about how my Oregon PERS funds are invested. In order to stop runaway climate chaos that is already inflicting larger storms, more drought, longer and more intense fire seasons, plus untold human misery and migration, there must be NO NEW private investments in fossil fuels.

Please put a hold on the pollution and environmental injustices funded by the investment of my Oregon PERS dollars in fossil fuels. Please pass the Pause Act, SB 681.
