Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB2963

My name is Kate Walker, I'm a disabled veteran, and I'm requesting that you approve a rebate for electric bicycles. I bought my first ebike several years ago, and my bike is now my primary transportation, as I cannot safely drive any more. Having an ebike allows me to grocery shop without pain, and I want everyone to have that freedom. Please support ebike rebates.
