I helped get Measure 114 by getting over 1000 signatures to get it on the ballot and voted for it. Now it's time to take this one step to get it smoothly implemented this session. Enforcing this measure will save countless lives and prevent countless devastating injuries . It will curb violence in our state and cities . It will keep guns out of the hands of irresponsible people and in the hands of responsible people. Now that measure 114 has been declared constitutional, it should be implemented and enforced now . It is literally a matter of life or death .
