Measure, Appointment or Topic: SB611

Please pass SB 611 to ensure that Oregonians have access to nourishing food regardless of their immigration status. Food is a basic human right for all, absolutely no exceptions. Depriving anyone of access to it is cruel. I want to see us continue to be a national leader when it comes to protecting the basic rights and needs of our state's residents. With so many people being targeted to have their lives upended and rights violated by the federal government---many of these people being children and others who are simply seeking a better life after fleeing violence, persecution, and/or extreme poverty--it is critical that we help these people in any way we can.

Thank you for your consideration.
