

Submitter: Frank Selker

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

Please make Oregon safer and respect the citizens' strong preferences to enact protections we voted for. The silent majority has been revealed by voting, to take steps to reduce gun violence.

Just because a loud minority shows up, do not forget that most people at home, across the state, support a safer gun culture in Oregon.

Frank
