Measure, Appointment or Topic: HB3075

I strongly oppose HB 3075. Disarming a lawful population doesn't enhance safety—it turns law-abiding citizens into criminals overnight. This bill, building on Measure 114's overreach, punishes those who follow the rules by stripping away their constitutional rights. History warns us: dictatorships like Nazi Germany and Soviet Russia began by disarming their people, leaving them defenseless against tyranny. Oregon risks echoing that dark path.

Who do you expect to enforce this unconstitutional law? The police? Do you want to pit law-abiding citizens against those sworn to protect us, forcing officers into an impossible position? This isn't about reducing violence—it's about control, and it threatens the very fabric of our free society. Reject HB 3075 and uphold our rights.

Sincerely,

Mr Robert Weaver
