

Submitter: Beth Reeves

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3076

I support this bill. We live in Portland. It seems like every week we hear of gun violence and I know most of the guns come from gun dealers who are currently under regulated. I support this bill because we need to keep illegal guns out of our communities. I would like to increase inspection of gun dealers by requiring a state license. Other states that have done so have seen a decrease in gun trafficking and homicides.
