Committee:

House Committee On Judiciary

Measure, Appointment or Topic:

HB3076

There are just too many guns on the streets of cities and even in rural communities. I wake up periodically to gunfire and I'm way out in the boonies. This affair the population has with guns is over the top and appears to be an addiction to destruction rather than legitimate concern for community welfare. Anything to curtail indiscriminate sale of guns to anyone who wants one has my support!
