I am in full support of this bill. I have been donating to a non-profit that does this exact thing for the last several years. Also, for low or no cost spay and neuter clinics. Animal care costs are out of control. It costs me hundreds more to take a pet in for a checkup than myself!

Fees collected from animal abuse or any animal centered case, could be used to help fund this.

Thank you for considering this bill and I hope you find in your hearts to pass this. Helping to keep pets healthy and in a home benefits more than just the pet. They are treasured family members to many.
