

Submitter: Carol Greene

On Behalf Of:

Committee: House Committee On Revenue

Measure, Appointment or Topic: HB3755

As my husband and I are 67 and 69 we are in full support of this bill. We pay a very large amount in state and federal taxes and it is difficult. We have paid taxes all our lives and worked very hard for our home. We feel that we have the right to enjoy our life and not struggle financially.
