Committee: Senate Committee On Finance and Revenue

Measure, Appointment or Topic: SB681

As a Senior Citizen, I have witnessed over my last 50 years in Oregon the profound effects of climate change. While the national administration pursues destructive policies, we in Oregon can lead the way. We always say: "follow the money", right? Or maybe "put your money where your mouth is". Please, please do not invest the State's money in more fossil fuels.

Thank you.
