Committee: Senate Committee On Finance and Revenue

Measure, Appointment or Topic: SB681

My name is Ray Gertler and I am a long-term resident of Oregon, residing here for 40 years. I'm also a practicing psychologist, a father and grandfather. I am very concerned about the impact of climate change on future generations and the impact of fossil fuels on impacting the earth. I am very supportive of efforts of Oregon to divest of investments in fossil fuels particularly when we have alternatives in terms of sustainable energy investments which do no harm. It is time for Oregon to take a more powerful stand on behalf of the planet and stop its investment in fossil fuels.
