Committee: Senate Committee On Housing and Development

Measure, Appointment or Topic: SB974

I support SB 974-1 because it streamlines Oregon's land use process, reducing unnecessary delays and costs. Right now, the system is bogged down with excessive review times and endless appeals that make housing development more expensive and time-consuming. This bill helps cut through the red tape, making it easier to get projects approved while still ensuring responsible planning.

By reducing delays, we can lower costs, improve efficiency, and help move Oregon toward more affordable housing solutions. Please pass SB 974-1.

Thank you.
