Measure, Appointment or Topic: HB3835

I'm 68 years old & when I was 5, I was abused by several people. I was so afraid of people, I would never talk to anyone except some family members.

I would hide from anyone that wasn't related to me. I was always scared. This carried into adult. I have a hard time trusting Anyone. I'm still always afraid some person will take me & hurt me. I hate People. I would like For This To Never Happen To anyone Ever!!! Stop This From Happening to any one!!!!

I still have a huge lack a trust in an People. I don't Like People to talk to me, I Trust People!!!!

Please, Stop These Preditors!!!! They are Sick, Anyone that can hurt a child is Sick!!!

Save the Children for these Preditors!!!

Save Adult's From These People !!!!!

This is a HORRIBLE THING TO LIVE WITH!!!

STOP THIS FROM HAPPENING TO ANYONE!!!!
