Measure, Appointment or Topic: HB2050

Elected Representatives,

Thank you for considering tax relief for retired vets. I'm a current servicemember - not yet retired. I support this measure not only for my own self-interest, but also as a means to attract talent to Oregon. Servicemembers retiring from the military (active and reserve components) consider tax policy when deciding where to settle, and they often have years or decades of productive careers ahead. Being more competitive in attracting experienced professionals in healthcare, engineering, cyber technology, management, leadership, construction, and other critical fields is in the best interest of all Oregonians.

Thank you again for considering!
