

Submitter: Luke Groser

On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure, Appointment or Topic: SB681

DEAR LEGISLATORS,

It is time to turn the direction of Government toward the direction of Earth sustainability - get out of fossil fuel support. All component parts of our society must be willing and committed to new directions away from Earth destruction - we are all able to take small steps = they all add up as have our destructive actions.
