The working, lawful residents of the State Of Oregon pay taxes to support the activities authorized under the Constitution of the State. No where in the constitution does it suggest or authorize the use of tax revenues to feed or support ILLEGAL persons in the state and this bill is in clear violation of the intent of our constitution. Encouraging or supporting illegal aliens to come and reside in this state is diametrically opposed to the employment and support of lawful citizens. I strongly oppose this emotion filled and misguided bill.
