

Submitter: Shirley O Donnell

On Behalf Of:

Committee: House Committee On Revenue

Measure, Appointment or Topic: HB3755

Seniors should be exempted from paying property taxes on their homes! Many are living solely on social security and the annual tax burden is too much. People have worked hard, paid their share of taxes and many finally own their homes. After 65 people shouldn't have to face coming up with more money for property taxes.
