Measure, Appointment or Topic: HB2050

This Amendment is what this state needs to show veterans the appreciation and respect they earned in service to this country. I have been in the National Guard for 25 years and plan to serve in this great state for another 10 years before I retire. I would love to retire in this state because this is where my four kids live, and we want to see them have their own kids. I also volunteer at free health clinics as a medical provider and would love to take care of my patients for the rest of our lives. Our military pensions are barely enough to live on even before getting federal and state taxed. This Amendment would have a direct effect on which state I am able to live in when I retire.
