On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

My name is Evan Schenck.

I am an Oregon Native and home owner in Clackamas county.

After reading the text of this bill. I strongly oppose it.

It conflicts with the state's constitution and the 2nd amendment of the constitution of the USA. I fear it will criminalize myself and many others simply for practicing their god give right to bear arms.

There is not an avenue to become comlient in this case. Also importantly this bill does not include fiscal statement. This makes it unclear the cost to the state to implement.

Thank you for reading this.
