Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB703

I hold to the belief that each person possesses an inherent dignity by virtue of their humanity. This is true of immigrants as much as any citizen who resides in the State of Oregon. At this time when immigrants are being targeted and degraded nationally, I am most pleased to see our State legislature considering bills such as this that will enhance the dignity of all. I strongly urge its passage.

Sincerely.

Vicki Mercer
